Manual

DECIBELS:
<70 dB

- Antea is an extremely versatile scrubbing machine, suitable for cleaning schools, offices, hospitals, supermarkets, warehouses, workshops and car showrooms.
- Automatic shut-down of all functions when the machine is stationary thanks to the Stop & Go system, to avoid wasting water, detergent and energy.
- Equipped with 4 wheels to improve stability and manoeuvrability.
- The clean water level is constantly monitored thanks to an external indicator.
- The brush height can be adjusted at any time without tools, to adapt to any kind of floor.
- Available with Easy-Clean treatment upon request, which prevents dirt from sticking on the walls of the tanks: an additional feature, ideal for the healthcare environment.
- The CDS system controls consumption and eliminates waste of water and detergent.
