

COMAC RIDE-ON SCRUBBER

1291mm Scrubber sweeper

- C130 scrubs and sweeps at the same time, offering a perfect and uniform cleaning in a single passage. It is a powerful model characterized by a robust design and made from resistant materials, equipped with various devices which increase its reliability over time.
- All functions are controlled via the new color touch screen display, making machine use extremely intuitive. It also offers cleaning programs that have already been configured, to further simplify the operator's job.
- The adjustable pressure, the moving brush head and the self-adjusting central brush ensure consistently excellent performance, under any conditions.
- Automatic shut-down of all functions when the machine is stationary thanks to the Stop & Go system, to avoid wasting water, detergent and energy
- The scrubbing brush head can be shifted sideways to clean under shelves or along walls"
