

OPTIMA 100B 1000MM FLOOR SCRUBBER

Industrial Ride on machine

TECHNICAL DATA

WORKING WIDTH:
1000mm

SOLUTION
TANK:
156L

COVERAGE
PERFORMANCE:
8080m²/h

POWER SOURCE:
Battery 24v

WEIGHT:
340kg

DIMENSIONS:
900 x 1795 x 1245

GRADIENT:
Manual

DECIBELS:
<70 dB

- It is a comfortable scrubbing machine which can also be used on long shifts, providing full visibility of the working area and an instrument panel featuring simple, user-friendly controls.
- The isolation of the vacuum motor makes it possible to use the machine during business opening hours, without disturbing those around whilst protecting the health of the operator.
- Thanks to the adjustable pressure on the brushes, it can remove stubborn and difficult dirt from any hard floor.
- Automatic shut-down of all functions when the machine is stationary thanks to the Stop & Go system, to avoid wasting water, detergent and energy.
- The filler hose connects directly to any tap, preventing the risk of spillage and making filling easier.
- It is configured to be equipped with the CFC system for fleet management.

ACCESSORIES / PARTS

CODE	ACCESSORY / PART
205787	Soft brush
202450	Std brush
205788	Tynex brush
205789	Pad holder with center lock
205790	Front rubber
205791	Rear squeegee rubber standard
205792	Rear squeegee rubber - tile
205793	Rear rubber squeegee -oil resistant
